**Black Rock Oil & Gas Plc
Testing - Timing Update**

On 18 July 2007 Black Rock Oil & Gas Plc ("Black Rock" or the "Company", stock code: BLR), the AIM-traded oil and gas exploration and production company, announced that the Acacia Este exploration well in the Las Quinchas Association Contract in Colombia had been drilled by its joint venture operator, Kappa Resources Colombia Limited ("Kappa") to a total depth of 3,970 feet.

The joint venture operator, Kappa, is currently conducting the mechanical pump tests of the two test zones and the Company will make an announcement of the test results when these are released by Ecopetrol and made available to the Company.

Qualified Person

Dr John Cubitt (a Director of the Company) has been involved in the oil and gas production industry for more than 26 years. Dr John Cubitt is a registered Chartered Geologist (CGeol) and has a BSc and PhD in geology. He has compiled, read and approved the technical disclosure as it relates to Black Rock in this regulatory announcement.
